SKILLS

PROGRAMMING

- React
- JavaScript
- HTML
- CSS
- Web Development
- Data Structures And Algorithms

DATABASES:

- MySQL

FAMILIAR:

- OOPS
- Collections
- GIT AND GITHUB

INTERESTS

- TRAVELLING
- DEVELOPMENT
- CODING

LANGUAGES

- ENGLISH
- HINDI
- MARATHI

ORGANIZATION

GEEKSTER || GEEKSTER CODING BOOTCAMP
DEC 2021 - Present | Gurugram, Haryana

PRACTICE PROJECTS

REACT WEATHER APP | LINK
| GITHUB

- Created a **Weather App** website which can take different **country/state name** and gives there actual **Temperature in Celsius, min Temperature, Maximum Temperature and Humidity** for Particular Searched City/State.
- Used React, Weather API ([openweathermap.org](#)) , `useState`, `useEffect`

DIRECTORY APP | LINK
| GITHUB

- Created Directory App in React Which has 2 page New Person and Retrive there Information page.
- **Add New Person Tab:-**we have to give Person details Like Name, DOB, Aadhar Number And Mobile no. And Age [Automatically calculate using DOB] and added the following validation; 1. "Aadhar Number" should be of 12 digits 2. "Mobile Number" should be of 10 digits. **Retrieve Information Tab:-** In the "Retrieve Information" section, there should be a form where users can enter "Aadhar Number" and the web app should query the local storage to see if it matches. If a match is found , then all the details related to the entered "Aadhar Number", should be displayed in a table, else the web app should display a message "No match found".

CRYPTOVIEW APPLICATION | LINK
| GITHUB

- Created a web application shows the price of top 10 trending Cryptocurrencies and search the information related to any Cryptocurrency and can also see the price fluctuations of 7 Days through chart.
- Used HTML, CSS for creating the structure and styling it.
- Used JAVASCRIPT for functionality and the API used for fetching live data is coingecko API .

CALENDAR APPLICATION | LINK
| GITHUB

- Technology used: HTML, CSS, and JavaScript.
- where Userselect Month and Year from dropdown.If user put any date in "Enter Any Date" in input box and press "Enter", change inputted dated cell background color Toggle way (White to Green, Green to White).

ACHIEVEMENTS

- Solved 150 + DSA Questions.
- Got rank 2 in "GEEKSTER hackthon" creating project using React | GITHUB
- I was the coordinator of a quiz event in the college fest.
